PROFESSIONAL SUMMARY

Pharm.D graduate (Annamalai University) and Advanced Diploma holder in Clinical Research (CliniLaunch, 2026) with GCP certification to ICH E6(R3) standards from NIHR and NIH. Over **2 years of structured clinical experience across 11 therapeutic departments** at a government tertiary care hospital, with hands-on expertise in ADR documentation, causality assessments (WHO-UMC and Naranjo scales), SAE reporting per ICH E2A, signal detection, risk management and GCP-compliant trial coordination. Authored **2 peer-reviewed publications**. Ranked in the top 12% nationally at the Medclinigen Clinical Research Talent Assessment (88th percentile). Open to Pharmacovigilance Associate and Clinical Research roles in **Bangalore or Chennai**.

CLINICAL TRAINING & EXPERIENCE

Pharm.D Final Year Internship — Pharmacovigilance Focus

Aug 2025 – Aug 2026

Government Cuddalore Medical College & Hospital · Chidambaram, Tamil Nadu

- Identified, documented and managed 15 ADRs across 11 departments, applying WHO-UMC and Naranjo scales with zero reporting lapses over 12 months.
- Escalated 1 Serious Adverse Event (SAE) — Grade II (A) Anaphylaxis — in full compliance with ICH E2A protocol, ensuring timely and accurate safety reporting to the relevant stakeholders.
- Maintained GCP-compliant source documentation, Case Report Forms (CRFs), and Informed Consent Files (ICFs), producing audit-ready patient records across concurrent clinical assessments.
- Conducted medication therapy reviews and drug interaction screening during ward rounds across Medicine, Obs & Gynae, Psychiatry, Paediatrics, and Pulmonology, serving approximately 950 patients annually at a 1,500-bedded tertiary care hospital.
- Supported patient identification, department-level coordination, and accurate record maintenance aligned with GCP documentation standards.

Pharm.D Academic Clerkship — Multi-Department Rotation

Jul 2024 – Jul 2025

Government Cuddalore Medical College & Hospital · Chidambaram, Tamil Nadu

- Completed 12-month structured clinical rotations across 11 departments: Medicine, Surgery, Paediatrics, Obs & Gynae, Ophthalmology, Psychiatry, DVL, Orthopaedics, ENT, Pulmonology, and Dermatology.
- Performed patient medication reviews and drug interaction screenings under faculty supervision, building proficiency in clinical pharmacology, patient safety documentation, and GCP-aligned workflows applicable to CRC roles.

EDUCATION

Doctor of Pharmacy (Pharm.D)

2020 – 2026

Annamalai University, FEAT · Chidambaram, Tamil Nadu

CGPA: 7.91 / 10

Advanced Diploma in Clinical Research

Mar 2026 – Aug 2026

Clinilaunch Research Institute · India

12th Board (HSE)

2019 – 2020

Sri Vivekananda Hr. Sec. School · Kallakurichi, Tamil Nadu

88th Percentile

10th Board (SSLC)

2017 – 2018

Sri Vivekananda Hr. Sec. School · Kallakurichi, Tamil Nadu

95th Percentile

CORE COMPETENCIES

- | | | |
|--------------------------------------|---|--|
| • ADR / SAE Reporting | • GCP ICH E6(R3) Compliance | • Schedule Y (India) / CDSCO Regulations |
| • ICSR Documentation | • MedDRA / IMP Management | • Source Data Verification (SDV) |
| • eCRF / EDC Data Entry | • Informed Consent Process (ICP) | • Clinical Pharmacology |
| • Protocol Deviation Tracking | • Patient Enrolment Coordination | • MS Excel |
| • Signal Detection / Risk Management | • Causality Assessment (WHO-UMC, Naranjo) | |

RESEARCH PUBLICATIONS

Comparative Analysis of Oral Labetalol vs. Oral Nifedipine in Gestational Hypertension

Prospective comparative study at a tertiary care hospital assessing antihypertensive efficacy, onset of action, and side-effect profiles — with direct relevance to obstetric pharmacovigilance. VVI Journal · Vol. 13, Issue 5 · May 2025 · ISSN: 1210-1389

Evaluation of Postoperative Pain Management Strategies in Haemorrhoidectomy

Evaluated and compared analgesic protocols across a patient cohort, quantifying pain scores and recovery timelines to contribute to evidence-based surgical care guidelines. IJISRT · Vol. 10, Issue 8 · Aug 2025 · Article No: IJISRT25AUG1277

CERTIFICATIONS

- Good Clinical Practice (GCP) – ICH E6(R3) | NIHR | February 2026 | 4 CPD Credits
- Good Clinical Practice | NIDA Clinical Trials Network / NIH | July 2023 | 11 Modules
- Good Clinical Practice – Investigational Medicinal Product (IMP) Management | NIHR | February 2026 | 4 CPD Credits
- Principles of Clinical Research | National Institutes of Health (NIH) | 2025
- Introduction to Pharmacovigilance | PharmUni / Zamann | TUV-SUD ISO 9001 Certified | 2026
- Ethical and Regulatory Aspects of Clinical Research | NIH | 2026
- NIHR Informed Consent Series – Children, Adults, and Remote Consent | 2026
- Antimicrobial Resistance and Infection Prevention & Control | WHO OpenWHO | September 2024

ACHIEVEMENTS & RECOGNITION

- Merit — Clinical Research (88th percentile) · Medclinigen National Mock Talent Test, Mar 2026
- Merit — Clinical Data Management (87.5th percentile) · Medclinigen National Mock Talent Test, Apr 2026
- Stanford Medicine CME · AMA PRA Category 1 Credit — Hypertension in Primary Care, Oct 2025
- Guinness World Record Contributor · Cipla #PharmacistFightsAMR — World Pharmacist Day, Sep 2024
